2022 PRODUCT GUIDE

About Us

For 25 Years, Endurance Workwear has been designing and manufacturing garments to withstand all that the harsh African environments can throw at them.

Our garments are designed to provide the ultimate comfort in the workplace, while insuring the highest level of safety and protection of every wearer.

Safety is of utmost importance to us and with over 22 quality control checkpoints within our factory we ensure that every single garment that bears the Endurance label meets the highest SABS standards of quality and safety.

Our History

Opened Our First Factory at Durban North	1994
