LEATHER STRETCHES.

The first time you try them on, your Veldskoën must be a little snug over the bridge of your foot. Within a few hours, the leather will stretch and the shoes will begin to take on the shape of your feet.

WHAT ABOUT HALF SIZES? ORDER DOWN, RATHER THAN UP.

Veldskoën shoes are made on an "EE WIDE" (extra wide) last. So, if you are usually a half size, please size down and not up. For example, if you are usually a size 6.5, you will fit into a size 6 Veldskoën.

FIND YOUR FIT

STEP 1: Place your foot on a piece of paper and make a line in front of your big toe and at the back of your heel.

STEP 2: Take a ruler and measure your foot from heel to big toe. The length on the ruler will be equivalent to your shoe size.

Example: 27.3cm = SA/UK M8/W8; US/AUS M8/W8; EU 42
